

Troop 677 Eagle Board of Review

Troop 677 will maintain an Eagle Board of Review to evaluate the readiness of any Scout desiring to advance to the rank of Eagle. This Board will interview the Scout and assess their readiness to participate in the New Horizon's District Eagle Board of Review by asking questions similar to those that will be asked during that meeting. In addition, the Troop Eagle Board of Review will evaluate the Scout's eagle project and all related documentation to ascertain the readiness of the project to be presented to the District's Eagle Board of Review.

The Troop Eagle Board of Review will consist of three adult Scouters who are active in the Troop, one of whom will serve as the Chair.

Scouts appearing before the Troop Eagle Board or Review will be in full Class A uniform, just like they will wear to the District Board of Review.

Scouts will contact the Troop Committee Chair who will arrange for the Troop Eagle Board of Review, and appoint a Chair who will then work with the Scout to schedule the meeting.

The purpose of the Troop Eagle Board of Review is to:

1. make sure the Scout is ready to attend the District Board of Review

The District Board will ask many questions in the two meetings they have with the Scout. Their first meeting is to review and approve the Eagle project before any work is done. The second meeting is to review the completed Eagle project and the Scout's readiness to be an Eagle Scout. See the questions typically asked prepared by Assistant Scoutmaster, Barry Bingham.

2. to make the Scout's Eagle project is ready to be presented to the District Board of Review

Prior to meeting with the Troop Eagle Board of Review, the Scout should meet with Barry Bingham to review the project. The Troop Board will review the project, make suggestions, and help the Scout ensure his work plan is complete and thorough.

After the Troop Board has approved the project, the Scout makes an appointment to see the Scoutmaster and the Troop Committee Chair to receive their approval of the project and report to be submitted to the District Eagle Board of Review.
